"A Computation of Dreams"

MESSAGE FROM THE DEPARTMENT

It gives me immense pleasure to present the latest edition of Parikhya, our department's newsletter that continues to reflect the vibrant academic and professional spirit of the Department of Computer Engineering at VESIT. At its core, Parikhya is more than just a compilation of achievements - it is a celebration of perseverance, innovation, and collective growth. Over the past months, our students and faculty have demonstrated remarkable dedication across diverse domains, from academic excellence and technical innovation to research contributions and industry engagement. Each accomplishment featured here stands as a testament to the department's commitment to nurturing competence, creativity, and character. In today's rapidly evolving technological landscape, it is essential not only to keep pace with change but to lead it. I am proud to see our students embracing this challenge with enthusiasm –participating in competitions, securing internships, contributing to research, and preparing themselves to become responsible professionals. Equally commendable is the unwavering support and mentorship provided by our faculty, who continue to inspire through their guidance and expertise. As the Training and Placement Officer, I am especially encouraged by the growing synergy between academia and industry reflected in our students' achievements. This alignment strengthens our mission of preparing graduates who are not only technically proficient but also industry-ready and socially responsible. I extend my heartfelt congratulations to all the contributors and achievers featured in this edition. Your efforts bring pride to the department and motivate others to strive for excellence. Let us continue to learn, innovate, and uplift each other as we move forward together. Wishing you an insightful and inspiring read.

Problem Statement

Candidates feel anxious and underprepared during technical interviews despite having strong skills.

Interview preparation platforms ask generic questions that don't match real company interviews.

Current systems ignore communication skills, confidence and emotional cues during interviews.

Candidates receive vague scores without actionable insights on how to improve.

Proposed Solution
INTERVIEW PREP

An AI-powered platform conducts a realistic technical interview using voice, video, and coding, then delivers clear, personalized feedback to the candidate.

- Simulates real technical interviews with AI-driven question flow
- Personalized interviews based on role, company, and difficulty level
- Multi-modal evaluation using voice, video, and live coding
- Adaptive follow-up questions based on candidate responses
- Clear, actionable feedback with strengths, weaknesses, and next steps

On-Device AI with Gemma 3n & PaliGemma 2

Gemma 3n

- Gemma 3n is an open, multimodal model designed for on-device AI use cases.
- Optimized for edge deployment, including efficient mobile inference.
- Uses MobileNet-V5 as the vision encoder for lightweight visual processing.
- Available in E2B and E4B configurations, corresponding to approximately 5B and 8B raw parameters.
- Supports multiple input modalities including text, images, audio, and video, with flexible output generation.
- Uses a novel MatFormer (Matryoshka Transformer) architecture that selectively activates subsets of model parameters per request to reduce compute cost and latency.
- Includes PLE caching (Per-Layer Embedding caching), which allows embeddings to be stored in fast local memory to reduce runtime memory and compute overhead.

Building with Agentic AI: The Next Leap in Intelligence.
IQAC Event ID: VESIT_2025_26_UID-0296

We are delighted to welcome Ms. Heena Ramrakhyani, a distinguished alumna of the Computer Engineering batch of 2017 and currently serving as Vice President at JPMorgan Chase & Co.

Join us for an insightful session titled
"Building with Agentic AI: The Next Leap in Intelligence."
 In this engaging talk, she will delve into the evolving landscape of Agentic AI—intelligent systems that go beyond traditional responses to autonomously make decisions, execute tasks, and adapt in real time. She will share valuable insights into how such systems are designed and discuss their transformative impact across industries, offering a forward-looking perspective on the future of AI-driven innovation.

“V-REACH” is an alumni engagement initiative conducted under the guidance of the Internal Quality Assurance Cell (IQAC). The initiative aims to strengthen the connection between alumni and current students by leveraging alumni expertise, industry exposure, and global perspectives. It serves as a platform for knowledge sharing, mentorship, and institutional development, enabling alumni to actively contribute to the growth and legacy of the institute.

WORKSHOPS/COURSES CONDUCTED BY THE FACULTIES

One-Week ISTE-Approved Short Term Training Programme on Industrial Training in “**Data Engineering: Powering Data-Driven Innovation**” from 12th Jan 2026 to 17th Jan 2026 Organized by Department of Computer Engineering In Association with VESIT-IQAC (STTP No. MAH103)

WORKSHOPS/COURSES CONDUCTED BY THE FACULTIES

- **Dr. Gresha Bhatia** conducted an FDP Session on “Introduction to Data Lakes” on 12th January 2026 (1 Day), focusing on modern data storage and analytics concepts.
- **Dr. Priya R. L.** participated in a Five-Day International FDP on “Empowering Educators: AI Tools for Innovative Teaching and Research” on 8th January 2026 (1 Day), emphasizing AI-driven teaching methodologies.
- **Dr. Priya R. L.** delivered a session on “Roadmap to Smart India Hackathon” on 10th April 2026 (1 Day), guiding students on innovation and national-level competition participation.
- **Dr. Priya R. L.** conducted an FDP Session on “Data Streaming using Apache Kafka / Flink” on 13th January 2026 (1 Day), highlighting real-time data processing technologies.
- **Prof. Abha Tewari** conducted an FDP Session on “Data Streaming using Apache Kafka / Flink” on 13th January 2026 (1 Day), focusing on practical applications of stream processing tools.

WORKSHOPS/COURSES ATTENDED BY FACULTY

- **Dr. Nupur Giri** attended ATAL FDP on “Fortifying the Digital Frontier: Cybersecurity Strategies for Threat Landscapes” for a period of 6 days.
- **Dr. Gresha Bhatia** attended ISTE STTP on “Network Security” from 8th to 12th December 2025
- **Dr. Gresha Bhatia** and **Dr. Sharmila Sengupta** completed the FDP on “Machine Learning – Basic to Beyond,” a 40-hour (3-credit equivalent) program funded by MeitY and endorsed by AICTE/UGC.
- **Dr. Gresha Bhatia** and **Dr. Sharmila Sengupta** completed the FDP on “Machine Learning – Basic to Beyond,” a 40-hour (3-credit equivalent) program funded by MeitY and endorsed by AICTE/UGC.
- **Dr. Sharmila Sengupta** and **Prof. Pallavi Saindane** attended programs on “Quantum Communication.”
- **Dr. Sharmila Sengupta** and **Prof. Pallavi Saindane** attended programs on “Quantum Communication.”
- **Dr. Prashant Kanade** attended “Basic Python” (60 hours), and “XAI for Social Good” from 1st to 6th December 2025.
- **Prof. Vidya Zope, Dr. Priya R. L., Prof. Abha Tewari, Prof. Pallavi Gangurde, Prof. Sanjay Mirchandani, Prof. Nusrat Ansari, Prof. Pallavi Saindane, Prof. Yugchhaya Galphat, Prof. Priti Joshi, Prof. Priyanka Shah, and Prof. Himali Patil** attended the FDP on “Data Engineering” from 12th to 17th January 2026.
- **Prof. Pallavi Gangurde** attended “IoT using AWS” from 15th to 26th September 2025, “LaTeX Workshop” from 3rd to 7th December 2025, “5G & B5G Technologies” from 14th to 21st March 2026, and Innovation Ambassador Advanced Level training (30 contact hours)
- **Prof. Sanjay Mirchandani** attended “TCS iON Career Edge Training” (2 weeks)
- **Prof. Priti Joshi and Prof. Priyanka Shah** attended the FDP on “Geospatial Data Analytics” from 24th to 29th November 2025.
- **Prof. Himali Patil** attended ATAL FDP on “India’s Global Development in the Digital Age: Ensuring Security in Cyber-Physical Systems for a Resilient Future” from 24th to 29th November 2025.

SKILL DEVELOPMENT ACTIVITIES

CERTIFICATIONS

- **Prof. Rupali Hande** completed the certification "Python for Data Science, AI & Development" through Coursera, organized by IBM, over three weeks with a score of 90%, also completed "Module 8: Institutional Management & Administrative Procedures" under the NITTT program through CISCO Network Academy, with the result awaited.

SKILL DEVELOPMENT ACTIVITIES

CERTIFICATIONS

- **Prof. Sunita Suralkar** completed the certification “Python for Data Science, AI & Development” through Coursera, organized by IBM, over a period of three weeks, securing a score of 95.75%.
- **Prof. Pallavi Saindane** completed two NITTT certifications: “Module 1 - Orientation Towards Technical Education and Curriculum Aspects” and “Module 2 - Professional Ethics & Sustainability,” organized by AICTE and NTA, each spanning eight weeks, with scores of 89% and 92% respectively.
- **Prof. Prerna Solanke** completed the certification “AWS Cloud Foundation” through AWS Academy, organized by AWS, with a duration of 20 hours and secured 86%.
- **Prof. Priti Joshi** completed the certification “AWS Cloud Foundation” through AWS Academy, organized by AWS, with a duration of 20 hours.

RESEARCH PAPERS PUBLISHED

RESEARCH ACTIVITIES

Faculties along with students published a total of **4 research papers** in various national and international journal and conferences.

- Dr. Nupur Giri, Girish Abhyankar, Gauri Tamhankar, Ved Vrat Verma, Tolib Rajabov, Kurbaniozova Rano, and Taxirbek Salayev published the paper **“Balancing Public Health Priorities and Individual Rights in Community Tuberculosis Control”** in the Indian Journal of Tuberculosis (ISSN: 0019-5707) in February 2026, which is a Scopus-indexed international journal.
- Nupur Giri, Uma Bhardwaj, Vasant Devkar, Dr Arun Khatri, Khursanov Asliddin, Shoira Rakhimova, and Nilufar Niyazova published the paper **“Community empowerment through technology-enabled health education for tuberculosis control”** in the Indian Journal of Tuberculosis (ISSN: 0019-5707) in March 2026, which is a Scopus-indexed international journal.
- Nupur Giri, Sameer Rastogi, Swapnil Bhanudas Kadam, Mandeep Kaur, Khusanov Saidbek, Mukhayya Djumaniyazova, and Bekchanova Kuvanch Roximovna published the paper **“Ethical challenges in community-based tuberculosis screening and surveillance”** in the Indian Journal of Tuberculosis (ISSN: 0019-5707) in February 2026, which is a Scopus-indexed international journal.
- The book chapter titled **“Agati - A Personalized Women’s Safety and Empowerment”** was authored by Pallavi Saindane, Dhruv Aswani, Aman Sande, Praful Pradhan, and Rajveer Tolani. It was published in the book ICT Analysis and Applications by Springer (Print ISBN: 978-3-032-06693-0, Online ISBN: 978-3-032-06694-7) in November 2025.
- Prof. Yugchhaya Galphat, Dipesh Aptel, Advay Somani, Path Udole, and Parath Takale presented the paper **“Crude Oil and Carbon Black Price Forecasting: A Hybrid Deep Learning and Boosting-Based Approach”** at the 6th Biennial International Conference on Nascent Technologies in Engineering (ICNTE), held from 16th to 17th January 2026.
- Prof. Yugchhaya Galphat, Sujal Pathrabe, Soham Chaudhary, Ayush Duseja, and Mayank Wankhede presented the paper **“MindCare: AI-Powered Mental Wellness Companion”** at the 6th Biennial International Conference on Nascent Technologies in Engineering (ICNTE), held from 16th to 17th January 2026.

Mrs. Rupali Hande, Mrs. Yugchhaya Dhote published a patent “Method and system for real-time document and image verification”.

ORGANISING MEMBERS

Faculty members actively contributed to academic and administrative bodies across various institutes during the academic year 2025–26.

- **Dr. Nupur Giri** served as a DAC member for Ph.D. students at Somaiya Vidyavihar University, acted as a subject expert for interviews at VPM's Parshuram College of Engineering, and was a member of the Staff Selection Committee at MH Saboo Siddik College.
- **Dr. Prashant Kanade** contributed academically at VCET Vasai in the field of Information Technology.
- **Dr. Sharmila Sengupta** served as a BOS member at SIES Nerul and also worked as a reviewer for postgraduate academic activities at SIES.
- **Dr. Gresha S. Bhatia** served as a USSC selection committee member at Terna CoE, worked as a RAC member and expert at Pillai College of Engineering, and contributed as a subject expert at Symbiosis, Pune.
- **Dr. Sujata Khedkar** served as a RAC member at RAIT and worked as an auditor at Dwarkadas J. Sanghvi College of Engineering as well as SIES Nerul in the domains of AIML and Computer Engineering.
- **Dr. Priya R. L** served as an External Research Advisory Committee (RAC) member at Presidency University, Bengaluru, and also contributed to curriculum and syllabus revision at VIT, Vellore in Computer Science and Bioinformatics specialization.

Other faculty members also contributed as committee members, subject experts, auditors, and reviewers in various academic forums across reputed institutions.

ACCOMPLISHMENTS

Mrs. **Pallavi Saindane** received a certificate of appreciation from NPTEL and Swayam for her role as a mentor in the "Introduction to Machine Learning" course during the July–December 2025 session.

Mrs. **Pallavi Saindane** received a certificate of appreciation from NPTEL and Swayam for her role as a mentor in the "Database Management System" course during the July–December 2025 session.
